The Speaker then delivered the following address to the House

Gentlemen of the House of Representatives

In electing me to preside over the deliberations of this Honorable body you have conferred upon me an honor greater than I merited or had any reason to expect.

In return allow me to tender to you my most heartfelt thanks. In accepting the office of Speaker of this house I am mindful that it imposes upon me the most arduous and responsible duties to be performed in a legislative assembly; duties which the ablest and most experienced men of our country have but in vain attempted to fulfil without error, I trust therefore that you will not expect any great degree of perfection from me

I shall endeavor to discharge my duties faithfully and without fear or partiality and in performance I do most earnestly solicit your indulgence and assistance, trusting that we shall be able to co operate harmoniously upon all subjects which may be presented for our consideration, And if that cordial feeling which is now manifested between us can be continued to the end of this session I shall ever cherish a grateful remembrance of such evidence of your kindness and esteem,

Gentlemen, we have convened here to day as the chosen representatives of the people to represent their interests in this the Second Legislative Assembly of the Territory of Nevada

As such representatives we all have important duties to perform, and it becomes every member in entering at once

and indiscriminately upon the discharge of the duties before him. By so doing we can in my opinion secure all necessary legislation in much less time than that allowed by the Organic Act for the continuance of this Session.

At the first session of our Legislature we were called upon to enact a full and entire code of laws, and that work, laborious and important as it necessarily must be, was to be accomplished within a session of sixty days. The presumption can hardly be sustained that laws thus hastily enacted must be found to require many important modifications and amendments, to which I would call your early attention as well as to the enactment of such other laws as the interests of this Territory demand at our hands.

Gentlemen, Nevada is a Territory of unparalleled richness; a Territory entitled equal if not superior in population to the population to have of any other Government either State or Territorial within the jurisdiction of the United States. We may be considered an extravagant nation, but if you will by legislative enactment secure to this Territory the revenues which justly belong to it we will be abundantly able to support our laws as a government, in all departments executive, judicial and legislative, without the financial assistance of our Federal Government. (Applause)

In this connection gentlemen, I would call your attention to the necessity for a thorough revision of our revenue laws, as well as the enactment of such other laws of that character as in your wisdom you deem best calculated to increase the revenue of this Territory, having in mind at the same time the necessity of avoiding oppressive taxation, and of doing no injustice to that most numerous of taxing interests in our Territory - the

[illegible] Security undergoing every hardship and privation, but yet with unbroken courage, united and resolute, bear the fields of strife, engaged in the various pursuits of life with so great a degree of peace and tranquility as we have enjoyed.

Under such circumstances, Gentlemen, I am excited to believe that if the arrangements of this Legislature are so far to their power as to ensure a continuity of the existence of this Security to its present Members, they will not only meet with the entire approbation of the Electors, but the exclusion of the Government of effective Security, as long as circumstances shall require, within the United States, appears to me highly important.

Gentlemen of Assembly, the Security of the State, the object of duty to those Security, the [illegible] and the [illegible]

11:30 o'clock A.M.

Mr Brumfield from the Standing Committee on the Judiciary to which was referred the Council Bill entitled "An Act amendatory and supplementary to an act entitled "An Act to provide for the Assessing and collecting of the County and Territorial Revenue Approved Nov 29th 1861, Report as follows

Your Committee in the matter submitted to them report

That perhaps the House Bill was defective for want of particularity in referring either to the sections of the Revenue Law to be affected by its provisions, or the acts of the collector of taxes whose powers are extended by said bill

Your Committee are of the opinion that the proviso of the house bill is essential to secure the responsibility

of the Commissioners of the tax collectors

We know no different law to meet the present case.

In Pennsylvania they have such a law (Brightly Digest p. 917 Sec 3) and a decision under such law [illegible] Treasurer that every such bond is obligatory only for duties pertaining to the office and not to new duties belonging to a distinct office (Hare's R 891) clearly indicating the necessity of such law. We recommend the accompanying amendment (Add to Sec 1st of Pennsylvania Bill as follows)

Provided, that upon this extension of time shall take effect the tax collectors shall file in the office of the Clerks of their respective Counties the written consent of the sureties on their official bonds to the said extension, or in default thereof shall be required to execute an additional bond executed and approved in accordance with the law regulating the official bonds of such officers, and for the faithful discharge of their duties under this Act, in a sum not to exceed the sum of twenty thousand dollars and Provided, also that the operation and effect of this Act shall be confined to the time specified therein

Sec. 2. This Act shall take effect from and after its passage

The Report of the Committee was agreed to, the Rules suspended and Bill as Amended, considered engrossed and ordered to a third reading forthwith by a two thirds vote

The Bill as amended was then read a third time, and the roll was called with the following result

Mr. Whitney, Bromfield, Green, Bancroft, Fisher, Hunnewell, Lovejoy, Mc Kenzie, Hayden, Bedford, Brimmer, Mitchell, Perkins, Simmons, Chester, Frothingham, Whitte, Williams, Mr. Winters, Mr. Mansfield, Crane, Adams, Mr. Adams, Allen, Hunter, Fuller, Allegeny Ins. An Act to legalize certain Acts and Orders of the County Commissioners of Carson County.

The following Communication was received.

Secretary of Nevada
Executive Chamber
February 21st 1862.

To the Hon. the House of Representatives.

I have the honor to inform the Honorable Body, Convened Herein, Entitled "An Act Explanatory of the Second Section of an Act Entitled "An Act for Incorporating and Organizing County and Territorial Revenue" Which was passed by the Council on the 20th inst.

Respectfully
Your Obt Servt
Secy

The Council Bill entitled an Act Explanatory of the County Seat Section of an Act Entitled "an Act to provide for the Organizing and Collecting County and Territorial Revenue" was read twice and referred to the Committee on Ways and Means.

Mr Fisher from the Special Committee to whom was referred the House Bill, Entitled "An Act Supplemental to and Amendatory of an Act Authorizing Orr Jenkins and Isaac McGonigal to establish and maintain a toll road, beg leave to report that the Committee have had the same under Consideration, and have directed their Chairman to report the same back with a Recommendation that it pass.

The Report was agreed to. The Bill was referred to the Committee of the Whole and to morrow assigned.

Mr Howard from the Standing Com-

mittee on the Judiciary presented the following Report

The Committee to whom was referred that portion of His Excellency the Governors Message relating to the Supreme Court of Justice, beg leave respectfully to report:

His Excellency quotes the Eighth Section relative to such matter as formed in the Statute Concerning Crimes and Punishments. That Section enacts "that murder and malicious shooting must always be given in evidence to the Grand Jurors."

"His Excellency in proceeding in his address to the Grand Jurors and Constables himself with the supposed assertion that persons having one half or more of negro blood shall not be a witness in any action where a white person is party to a suit."

We shall in justice to the negro race observe that the Section referred to enacts in the words following Viz "That no person of negro blood to the fourth generation inclusive shall be allowed to give evidence in favour of or against any white person in any matter whatsoever in any Court of Record or before any Judge or Magistrate in this State" Your Committee are of opinion that every person of color should be protected in the enjoyment of life liberty & property by the Laws of the land, but they cannot recommend the repeal of the Section referred to, as they believe it to be founded in justice & necessity. The Laws of this State are silent in relation to the Evidence to be given by Negroes Mulattoes & Indians not Christians, and your Committee are of opinion that the Evidence of such persons ought not to be admitted in favour of or against a white person. Your Committee are of opinion that the Evidence of such persons ought to be admitted with caution, and that the credit to be given to their testimony ought to be left entirely to the Discretion of the Jury. The Laws of this State do not require the Evidence of Negroes Mulattoes & Indians not Christians to be given on Oath, but only that they shall solemnly declare that the Evidence they shall give shall be the truth the whole truth & nothing but the truth. The Laws of this State do not require the Evidence of Negroes Mulattoes & Indians not Christians to be given in the presence of the party against whom it is given. The Laws of this State do not require the Evidence of Negroes Mulattoes & Indians not Christians to be given in the presence of the party against whom it is given. The Laws of this State do not require the Evidence of Negroes Mulattoes & Indians not Christians to be given in the presence of the party against whom it is given.

His Excellency the Governor observes that the Criminal Code of this State is defective in many respects. Your Committee are of opinion that the Criminal Code of this State is defective in many respects. Your Committee are of opinion that the Criminal Code of this State is defective in many respects. The Laws of this State do not require the Evidence of Negroes Mulattoes & Indians not Christians to be given in the presence of the party against whom it is given. The Laws of this State do not require the Evidence of Negroes Mulattoes & Indians not Christians to be given in the presence of the party against whom it is given. The Laws of this State do not require the Evidence of Negroes Mulattoes & Indians not Christians to be given in the presence of the party against whom it is given.

of dispute between His Excellency and your Committee is the constitution of Evidence. Volumes have been written on this subject. Volumes learn of most laborious analysis are annually thrust upon the Legal world in elaboration of this very theme. In unfolding the science of law has gradually and obviously emerged into a giant of colossal proportions, powerful, adroit, and gracious. The law of Evidence wields our effects and persons, fortunes and lives in turn. The law of Evidence is the main stay and Chief buttwark of Modern Society.

There are two sorts of Evidence, Oral and written. A Instrument has a personality. It speaks in Characters. If it be mutilated in every partiticular. If it contains the Elevations of Lands it has a artificial heart, a Court pronounces it a verification of its contents, and thereby owes to its brave possessor a valuable estate. No Caesars dumb wounds speak so eloquent that pregnant paper mighty truths. But that parchment has been maturing in Excellencies and intellectual attributes for many a dreary age. Wise ones, as School teachers have been feeding at the fountain of Grace. What did Powhattan know of the Article of Conveyance, that, passing from hand to hand, transferred and forever in fee. Six Acres on the Rappahannock?

But while his Excellency and your Committee perfectly agree upon the matured thought of the intricate Character of written Evidence, there is a frightful discrepancy in their views in regard to Oral testimony. To quote more fully. Says our esteemed and amiable Governor. "The tribunal to which Evidence is submitted, must weigh it in the Scale of its judgment and receive all that is worthy of credit, and reject all that is unworthy of credit, Come it, in either case, from whatever source it may."

And here we quarrel with his Excellency for not quoting the Entire of Sec 3452 of our Civil Code. Says that Section.

"The following persons shall not be witnesses. 1. Those who are of unsound mind at the time of their production for Examination. 2. Children under ten years of age, who in the Opinion of

the Court, appear incapable of receiving just impressions of the facts respecting which they are examined, or of relating them truly. 3. Indians or persons having one half or more of Indian blood, and negroes or persons having one half or more of negro blood, in an action or proceeding to which a white person is a party. 4. Persons against whom judgment has been rendered upon a conviction for a felony, unless pardoned by the Governor or such judgment has been reversed on Appeal."

The succeeding Sections debar married people from testifying in each others behalf and attorneys and Clergymen from betraying the confidences of the laity.

But the wild theory and childish argument of his Excellency could find no room where Evidential Volumes that have their foundation in the Experience and wisdom of Ages.

"Come it from whatever source it may," to embrace language and in logical sequence does not apply to the testimony of a subordinate race whose deeds are but an evidence of their inferiority. The mad dream will place the infant first in "profane Courts and making and unmaking Laws" the infantile cries are Evidence before judge and jury, "to be weighed in the scale of their judgment." The Tawny Pah Ute must have his incoherent gutterals translated, standing from his treat of Offal he must be arrayed in the witness box against our Legislators from the rural districts whose property he claims. The gibbering idiot dances into the Court house he too is a witness. The dulcet murmuring of the marital Couch are received before a appreciative jury. The Clergyman unlocks the Closet of the Confessional. And last but not least, Samba a Centralia and that General Butler has dispatched to Nevada Territory, acting on his huge heels, dictates his fat lips as evidence in a case in which it may be one of your Committee is interested. What else means that Comprehensive language of the Message "Come it from whatever source it may."

His Excellency concedes the inferiority of the blacks races and argues in favor of their testimony as a circumstance. Your Committee yield to the proprietors of their inferiority, and demand their exclusion because of their inferiority. Evidence is the manner of arriving at the truth. Testimony is the declaration of truth. If bad men prefer to utter falsehoods to truths

A sensible bad man recognizes the law and penalty that pertains to perjury. A good man, disposed by nature to prevaricate utters the truth under the solemnity of an oath. He fears God will punish him if he violates his invocation. A sensible Child under ten years of age tells the truth because he has heard at Sunday School that there is a lake of fire and brimstone for little Children who lie. A Pah-utah knows no God. The white man has killed his game and poisoned his fishing streams with dam dust. The Pah Utah is starving; so is the Sho-shonee and Washoe. There are ten thousands of these greasy, red scoundrels in our Territory. If they are allowed to swear where a white man is a party, they will swear vigorously, and in such a manner as to be prosecuted for perjury. They want get the soup and beef and bread of a penitentiary.

With the Celestial population, mendacity is a virtue, as was dealing with a certain Greek tribe. For one of these to tell the truth would tie to lose his hairy appendage. He would be debarred from all future intercourse with his race. He would no longer feed on succulent rats and roasted dog. Your Committee opine that the Father of Lies spoken of in the text, commenced his "warnings" up and down, seeking whom he might devour in Pah Utah.

And who is the Negro? A retarded creature borne to the earth by generations of Infidels in our land. His native land surrounded for four thousand years with the appliance of learning and Modern Civilization has ever been in the lowest stage of human degredation. Surrounded and in immediate contact with the Egyptians, Phoenicians and Romans, the Nations of Africa without a solitary exception continue to this day immersed in the grossest barbarism. Africa has not produced one great man. No Hercules or Theseus or Confucius. There is not one Alphabet in the Ethiopian Language. For four thousand years to which our information extends the Negro tribes are either ferocious Savages or grossly sensual and ignorant. From the remotest antiquity they have been the slaves of their enterprising neighbours.

Not a Section of their Country has emitted one spark of intellectual light. Caffres. Bushmen and Bushmees are equally involved in intellectual darkness. Souls as dark as their bodies. The African is humanity in its dawn. He is the brute race in progress to mad race. Praxatelles conceived the faun, half animal half human. But the faun was distinguished for beauty of proportion and Expression and forth a fallid face. The African is yet a deformity. His immediate hope is amalgamation. The Quadroon Dumas had brains. It will take many ages to lift up the African to the level with the white.

Strike the fetters to day from every African in the land, he would still be a social slave, a helot from imbecility. His Employer would hold his body and his Soul. Truth is the brightest jewel in the tiara of an intellectual freeman. There is no truth in exclude. Your Committee believe that the black mans oath. should never be arrayed against a free white man. The negro, serf or manumitted will ever be under the heel of the white man.

Your Committee believe that the laws in regard to the testimony of inferior races should remain undistinted.

The Journal of Wednesday was read and approved.

Mr Mitchell from the Standing Committee on Mining
Affairs to which was referred the House bill Entitled
"An Act for the better protection of the Mines and Min
-ing claims in the Territory of Nevada. report that they
have had the same under consideration, have come
to an unfavorable conclusion thereon, and have directed
their Chairman to report the same to the House, and rec
-ommend its rejection.

Report disagreed to and the Bill
Committed to the Committee of the whole.

Mr Mitchell from the Standing Committee on Mining
Affairs, to which was referred the House bill entitled "an
Act to provide for the conveyance of mining claims" report
that they have had the same under consideration,
have come to a favorable conclusion thereon, and have
directed their Chairman to report the same to the House
without Amendment and recommend its passage.

The Report was agreed to and the Bill Committed
to the Committee of the whole.

Mr Mitchell from the Standing Committee on Mining

"An Act relating to Sales in default of paying
Assessments on Mineral lands, report that they have

the same under consideration, have come to an unfavorable conclusion thereon, and have directed their Chairman to report the same to the House, and recommend its rejection; the

Report was agreed to and the Bill rejected.

Mr. J. Winters from the Committee on Incorporations, to which was referred the House bill entitled "An Act for the Incorporation of Religious and other Associations" have had the same under consideration, and report it back with a recommendation that it do not pass.

The reasons which have induced your Committee to this unfavorable report upon the bill in question are briefly, that the various Societies and Associations for whose benefit the bill has been framed are of altogether too diversified a nature and of too distinct and multifarious forms of Organization, to be with the slightest degree of consistency, and with another, capable of being embraced in the protection of any one general Act, that may be Enacted in their behalf. Religious, Literary, Scientific, and other matters, moral, intellectual, benevolent and material in their Character, are indiscriminately confused in the provisions of this bill, without, as far as your Committee can perceive, an available object in view on the part of the Act, or any advantage to the Societies and associations that it seems to be designed to benefit.

The bill provides for a manner in which, and the parties by whom, in trust, the property of all Churches, Congregations & Societies of every description shall be managed, without the least regard to the peculiar and Extremely varied Organizations and internal discipline of any Sect, Denomination or Association of whatever Character that exist, or under any circumstances that may Exist in the Territory.

Your Committee believe that all Societies, whether religious or otherwise, should have the entire control in their own way, of their own affairs and property subject only to Appropriate Territorial Laws: and that, in this our time, a recurrence should not be made, on the part of the State to interfere

with the dicipline of religious organizations. The bill which we have had under consideration provides that the property of Churches shall be held at the disposal of certain officers, not recognized, nor known by many denominations such officers in some instances, are not by Church rules recognized as the custodians of the church property.

Theo Waites, Chm
M. A. Mitchell
Jno McDonald Jr.

Mr Brumfield moved that the Report be disagreed to, and the bill be recommitted to the Committee with instructions to report further thereon. Lost

The Report was agreed to and the Bill rejected.

Mr Colgett from the Committee on Federal Relations, to whom was referred "An act to prohibit the disloyal practice of depreciating United States Treasury Notes." beg leave to report that the object sought to be accomplished by the Bill in question is one commendable to the mind of every enlightened patriot, inasmuch as the maintenance of the financial Credit, of the Federal Government in every portion of our Country, is one of vital importance in this its great and peculiar Crisis. The question however arises whether the evil complained of, is capable of being remedied by legislative enactment. After mature deliberation your Committee are of the opinion that it cannot without entailing upon the Territory, Evils, greater than those sought to be remedied. In every commercial country there must be one or more centres of supply and distribution to the territory tributary to them: and which being the centre of supply and distribution, must also necessarily be the centre of finance. Our supplies are nearly all drawn from the great central marts of California, where the notes in question are at a heavy discount. and where our bills are nearly all made payable.

Your Committee are of the opinion, that the passage of the law would inure almost entirely to the benefit of the Speculators and money brokers of the Territory, inasmuch as (supposing the Law not to be a dead letter) it would be for the pecuniary interest of all persons doing business or owning debts within the Territory to ship their coin to California to purchase up the depreciated notes, with which, under the operation of the Law to force the payment of their indebtedness

par. Thus it will be seen that the people of the Territory, will in the end have to pay the discount on the notes in California, without being allowed even the incidental protection afforded by the privilege of accepting or refusing them at their market value.

The passage of the law would thus invite the presence of a large amount of this kind of currency and cause the Expulsion from circulation of a proportionate amount of the precious metals.

The depreciation of the value of Treasury notes, is caused by the fact, that the promises to pay a certain amount of Gold and Silver, at a distant day no matter how solvent may be the promiser, is not as good in the estimation of the business world as the payment of the Coin itself.

More particularly is this the case, in times like the present of great danger and uncertainty. And the history of the World furnishes no instance where the financial credit of a Government, has ever been sustained in a Commercial Country for any considerable length of time by Arbitrary Legislative Enactments. Enforced by severe penal Sanctions.

The fountain head of finance must be cleansed before its various streams can be purified and until a Statute similar to the one before us shall have been passed by the State of California, we believe we will have to rely for the alleviation of the evil complained of, upon the deep sympathy of our people with the distresses of the Government and their patriotic regard for its welfare.

For these among many other reasons not mentioned Your Committee beg leave to report the bill back to the House, and recommend its rejection; All of which is most respectfully submitted.

J M S Clagett
Chairman.

The Report was agreed to and the Bill rejected by the following vote.

The following was received from the Council

Territory of Nevada
Council Chamber
Dec 9th 1862.

To the Hon the House of Representatives
I herewith transmit House

Bills as follows "An Act to Change the name of Mifs C.E. Newbill," which this day passed the Council without Amendments. "An Act to Amend an Act entitled An Act to Create the Virginia City Gas Company" Approved Nov 28th 1861" which has this day passed the Council without Amendments. "An Act to prohibit the Sale of Ardent Spirits, fire arms, or ammunition to the Indians" which passed the Council this day with the following Amendments. In 11th line after the words "indis pensable to" strike out the words "the peace and welfare of society" and insert in lieu thereof the words "our prosperity"

Strike out all from lines 42. to 49 inclusive.

Strike out all after the words "respectfully ask" in 51st line and insert as follows, that an Appropriation be made for the completion of the Survey of the Public Lands of this Territory with a view to their being brought into market, at the Earliest possible moment." Your Memorialists would further repre-

cent that in attaching this Territory to the California land District for Surveying purposes, we feel that we suffer more, than the Expense attending the Establishment of a Separate Department for Nevada, and Earnestly ask that if consistent with the policy and interests of Government, the Office of Surveyor General lately abolished may be restored to us. In view of the fact that the Pacific Rail Road is to be pushed to a speedy completion, your memorialists see a largely increased demand for the Public Lands of this Territory; in fact so large will be the demand, that the undivided attention of a competent and energetic officer will be necessary to meet the demands of our citizens."

"Your Memorialists would further suggest, that an Early Sale of the Public Lands of this Territory will materially add, not only to our own; but to the Federal Revenue, a desideratum of no mean importance at this time."

An Act to Legalize the Assessment of Real and Personal property as made by the County Commissioners of Washoe County for the year 1862" which passed the Council without Amendments.

I also transmit for your Concurrence Council Bills as follows.

"An Act authorizing Charles H Bryan and Associates to maintain a Toll Road"

"An Act to Audit the Claim of Wellington Stewart and provide for the payment of the same."

"An Act Amendatory of an Act Entitled "An Act defining the Judicial Districts, fixing the Terms of the Supreme and District Courts of the Territory, locating County Seats of the several Counties of this Territory and providing for the transfer and trials of actions", Approved November 29th 1861."

"An Act authorizing Rufus Walton and Noetly Lambert to complete and maintain a Toll Road"

"An Act authorizing W H. Neighley, E. Glauff and W K. Parkinson and associates to establish and maintain a Toll road.

All of which have passed the Council

Respectfully

Mr J B Moulton presented the following report of the Speaker,

Your committee appointed to procure the Accounts of Secretarial Clerking and

Your Committee would beg leave to present the following Report.
After a careful examination of the Estimates allotted your Committee would remark, that found the Books, Papers, & in the Offices of said Offices, all carefully and accurately kept, and also found all the necessary Vouchers for Sums Expended. We Examined the Accounts & Vouchers with the Reports of the Offices, and found them to agree with their Reports. Your Committee have to pay a Compliment to the Gentlemen in Charge of the Offices, for the Excellent Order & Method Observed by them in the Discharge of their Duties & also for the Liberal Terms on which they have agreed to Rent their Offices for the Accommodation of the Public Business.
The Committee are very sorry they could suggest that Additional Sums be raised by the Assembly at this Session of said Tribunal for the Redemption of outstanding Warrants, but as a Policy is adopted by Credit but to Redeem said Warrants will be found that the Act of Incorporating the Government will shortly increase fifty per cent. Your Committee have therefore thought proper the Salaries of the several Clerks of the Circuit Courts & not Exceeding Attorneys Fees, which after Services found & rendered in these Offices deemed a strict Observance of the Law requiring a Library for Licensed Attorneys in the Territory. Your Committee would call Special Attention to the Insecurity of the Offices of the Auditor and Treasurer, and deem it immediate Assistance for the Security of a Suitable Fire Safe to ensure the Safety and Preservation of the Public Archives. The Increasing Business in the Departments of the Auditor and Treasurer make it absolutely necessary that each of these Offices should be allowed an Clerk & Assistant to perform the duties of their respective Offices.
We would therefore recommend that an Appropriation not to Exceed Twelve Hundred (1200$) Dollars, each

be made for compensation of Clerks for the Auditor and Treasurer for the ensuing fiscal year.

Territory of Nevada
Executive Department
December 21st 1862

To the House of Representatives,

Near the closing hour of your present Session, there has been transmitted to me from your Honorable Body House Bill entitled, "An Act Amendatory of an Act to regulate proceedings in Civil Cases in the Courts of Justice of the Territory of Nevada",

But for the Official endorsement given this Bill by one of the members of your Honorable body, I should have been disposed to question the genuineness of this document as a Legislative Act, as it is not enrolled, and scarcely a Section but bears the marks of erasures and interlineations, many of which utterly destroy the meaning and obvious intent of the Act itself. Furthermore by the endorsements on the title page of the Act, certified to by the presiding Officers of both the House and Council, it was evidently the purpose of the Legislature that seven enumerated Sections should not be adopted as a part of the Act, Yet as it appears from the body of the bill, these rejected Sections are incorporated in the Act, and if approved by me, would without having in fact been passed by the Legislature - become a portion of our Territorial Law. This Act is one of great importance, covering amendments to some Sixty Sections of the Civil Practice Act, and proposing changes of a most

radical character in many features of the Laws heretofore in force in this Territory, more especially in the mode of proceedure in suits for the Segregation of Mining Claims, redemption of Mining Claims sold on execution, also in the matter of Justices of the Peace and Probate Judges' Jurisdiction; all of which I regard as amendments of most questionable expediency and some of which provisions are utterly at variance with the Organic Act. The late time at which I received this bill, and the press of executive duties consequent upon the examination of so large number of Legislative Acts crowding upon me and requiring action before the adjournment of the Legislature. I regret to say leave me not the time to more fully point out the objectionable features of this bill, enough has been shown to vindicate my duty, as I conceive, to withhold my approval of it. As I did on a former occasion, I now take the opportunity of repeating my most solemn protest against the prevailing practice of sending to the Executive the most important measures of the Legislative Session, during the last few hours preceding the final adjournment of the Legislature, It must certainly occur to you, as it has been demonstrated time, that, under such circumstances due or consideration action cannot be taken by the Executive in the perusal of the matters submitted for his examination and approval, when, as during the present session, with the exception of very few bills, all the Laws of the two Houses of the Legislature in the passage of laws are laid before the Executive during the last few hours of the session the result has necessarily been that all the bills I have not had time to read and such have not been approved. Whilst others for want of time, I have but imperfectly examined and have approved, but which probably if sufficient time had been afforded me in which to examine more minutely their provisions, would have resulted in withholding from them my approval. It is possible that in the latter class may be found the Revenue Act which has been approved. And if it should hereafter be found that this or any other Act, submitted to me under like circumstances, operates oppressively or unequally on any portion of the community, the blame if any there be, will more properly attach to the Legislature

rather than the Executive Department!

James W. Nye
Governor of the Territory of Nevada

Hon Lovejoy moved that the further services of Wm M Gillespie Chief Clerk of the House be dispensed with

Agreed to

An Election for Chief Clerk for the balance of the Session to fill the vacancy occasioned by the removal of Wm M. Gillespie, being in order

Hon Lovejoy moved that Wm M Gillespie be reelected Clerk

Agreed to Unanimously

Messrs Mitchell and Symmes from the select Committee appointed to wait on his Excellency the Governor and ascertain whether he had any further communications to make to the House, reported that they had performed the duty imposed upon them, and that the Governor had no further communication to make.

Hon Lovejoy moved that a Committee of three be appointed to wait on the Hon the Council, and inform that Body that the House had no further business to transact, and was ready to adjourn at 12 o'clock Midnight

Agreed to

The Speaker appointed as such Committee Messrs Lovejoy, Minnear and J B Winters

The Committee returned and reported that they had performed the duty imposed on them, and that the Hon the Council had no further business to transact, and would adjourn at the Hour of 12 o'clock Midnight

The Hour of 12 o'clock Midnight the time agreed to by concurrent resolution of the two Houses having arrived, the House of Representatives of the Legislative Assembly of the Territory of Nevada was by the Speaker thereof declared, adjourned Sine die
